(Notified as Deemed to be University Under Section 3 of the UGC Act)  
*University for women: University with a difference*

## ICSSR Sponsored National Seminar

on

## Sustainable Development : Global Problems, Local Solutions (Hybrid Mode)

**28-29 September 2024**

Organized by

### Faculty of Home Science

### Banasthali Vidyapith, Rajasthan

## About the Seminar

Pronounced by the honourable Prime Minister of India Viksit Bharat @ 2047 is largely considered a sentiment of national ambition. Like individuals, nations also need to have a national aspiration. Believing that India is capable of pursuing this aspiration is true justice to our past, present and future. Keeping these in mind and drawing upon the core of Home Science that aligns with GYAN- Garib, Yuva, Annadata and Narishakti, the core of Viksit Bharat @ 2047, the theme for this seminar is being proposed. Inherently Home Science education, which emerged as vocational education in India, focuses on "living well" and "earning well" which are the foundational pillars of Viksit Bharat @ 2047. Today when the world is grappling with many problems, from safeguarding peace to protecting the environment and promoting social and economic progress, India can make its mark and help the world achieve the sustainable development goals. Sustainability is regarded to have these three dimensions- the environment, the economy and the society. Harnessing the traditional knowledge that lies with individuals, families and communities can help us formulate innovative solutions to the most challenging global problems. The purpose of the proposed seminar is to deliberate with experts on the trending global problems of agriculture and food insecurity, entrepreneurial skills in the young, participation of women in the workforce, circular economy, use of technology for development, inclusiveness and motivate the younger generation to seek solutions and contribute to lead India on the path of becoming Viksit Bharat @ 2047.

## Themes

1. Adaptable Technology for Sustainable Development
2. Food Security, Nutrition and Sustainable Agriculture
3. Knowledge, Attitudes and Practices (KAP) towards sustainable Nutrition

4. Capitalizing Women Participation in Entrepreneurial Skills
5. Technology Based Ergonomic Solutions to Modern Day Work Problems
6. Circular Fashion
7. Lifestyle for Optimal Well-Being
8. Inclusive Education and Sustainable Development

## Call for Papers

Original research papers are invited on the above mentioned themes for oral/poster presentation.

Last date for submission of abstracts	10 August 2024
Last date for the submission of full-length paper	25 August 2024
Last date for registration	10 September 2024

## The Host Institute

Banasthali Vidyapith, established in 1935, is the world's largest residential university for women, doing pioneer work in its field for more than eight decades. As a premier university for women's education, the institution is known the world over for educational facilities is nestled in a serene and pious environment amidst an ambience of Indian ethos and culture.

It is a comprehensive university offering graduate and post-graduate programmes in a vast variety of disciplines such as Arts, Humanities, Social Sciences, Biotechnology, Bioscience, Computer Science, Mathematical Sciences, Physical Sciences, Electronics, Engineering, Automation, Artificial Intelligence, Earth Sciences, Fine Arts, Management, Aviation, Science, Education, Home Science, Design, Pharmacy, Law, Commerce and Journalism & Mass Communication. Banasthali graduates are known the world over for their leadership qualities and have become governors, corporate chief executives, international sportspersons, renowned artists and musicians, leading administrators, eminent educationists, social activists, and have by and large brought radical transformation in their families, organizations and surroundings.

The Vidyapith has been felicitated with FICCI's 'The University of the Year' Award for the years 2015 & 2022. It also features in the Times Higher Education World Universities Rankings. It has been accredited by the highest possible A++ grade (3.63 grade point) of NAAC being the sole multidisciplinary private university accredited so highly. Moreover, it is the only women's university in India featuring in international rankings and having A++ accreditation by NAAC.

## About the Faculty of Home Science

At Banasthali Vidyapith, the Faculty of Home Science strives to work dedicatedly towards women's empowerment through socially-relevant, holistic, interdisciplinary education, in keeping with its unique philosophy of Panchmukhi Shiksha (Five-fold education). The department of Home Science came into existence with introduction of Home Science as a part of BA programme in the fifties and later on it came to be listed into the pioneering institutions that initiated the B.Sc. (Home Science) programme, which happened in 1978. The curriculum is continually innovated to make it globally valuable, locally relevant and responsive to the changing times and needs. The faculty also aims to contribute to the national and international knowledge base in Home Science and allied fields. Due emphasis has always been given to the skill development and enhancement in the students. Cutting edge research, quality publications and IPR obtained by the faculty members give the faculty a distinctive identity.
